1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 11, line 23, change "the two wires" to ---two wires---;

Claim 11, line 26, change "owing to the fact" to ---such---;

Claim 13, line 2, change "for which the" to ---for which---.

2. Claims 11-17 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art fails to show a device for determining the angular position over 360 degree with two probes wherein a device for adding the currents from the two probes, which consists of the connection of two wires carrying the output signals from the probes and giving an output current signal not having the same value twice over 360 degree such that the range of variation of the output current from the first probe is greater than the range of variation of the output current from the second probe. Because none of the prior art teaches or suggests these

features taken together with the other limitations of the claims renders the claims allowable over the prior art.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jay M. Patidar whose telephone number is 571-272-2265. The examiner can normally be reached on M-Thur 7:00-5:30.
